YOUR PASSPORT TO ADVENTURE

Travel the world through the costumes and music of Toucan Jam. Learning has never been more fun for children and adults alike. Toucan Jam is an imaginative journey to exotic locations where every musical instrument opens the door to unknown continents.

You won't believe how you'll be transported to far away places to listen and see different cultures of the world. The dynamic duo of Kelly Mulhollan and

Donna Henschell will take you on an adventure from the mountain music of the Ozarks to such destinations as the peaks of the South American Andes to the inner and mysterious regions of Africa.

"Although they change their looks as quickly as chameleons, Toucan Jam more resembles birds with their ability to fly across the world in song."

Richard Davis - The Morning News
